It was discussed at the meeting, but I don't think we have discussed since.

Thanks Rosemary. The language about the discretionary hold is interesting in light of what Mary shared this week regarding her conversations with FDEP. Do you recall whether this issue was discussed at all with FDEP following our March meeting in Tallahassee?

Hi, folks - There is some language that could be improved (e.g., descriptions of authority), but because they didn't ask us for edits, most of that doesn't rise to the level of being a red flag.

However, I do want to note a few things for discussion

Team,

Attached is a link for the long awaited MOU referenced in the BA. I don't believe FDEP is looking for us to give them edits on this document but we should review it to ensure it fills all the gaps we think it should regarding ESA coordination in the BA.
